This form is not yet completed/confirmed.

Authors and Co-authors,

In the increasingly complex world of scientific publication, concerns about commercial influence and other possible conflicts make it important for authors to disclose all potential sources of bias. Our system aligns with the policies of the AAN and allows the readers to judge whether bias exists. **All Authors** (not Co-investigators or Contributors) will be required to complete the following form upon provisional acceptance of a manuscript. Please refer to the definitions at the beginning of the form regarding commercial entities, compensation, expert witness, and "**immediate family member.**" At first glance, this task may seem onerous, but will likely take less than 10 minutes.

The paper will not advance until all authors have completed their forms. The corresponding author will be able to monitor the completion of the forms and must take responsibility for notifying authors who have not completed forms.

**What to expect:** You will be asked whether you have disclosures relating to each question (check yes or no) and will be provided a field in which to list the disclosures. For best results, click the Feedback button above if you encounter difficulty when completing the form. As quickly as possible, a staff member will provide a solution to the problem you describe. If you need immediate help with the form, please call 612-928-6030 between 8AM-5PM Central time Monday through Friday.

Filling out the forms on the next few screens will be easiest if you have a list of the following items regarding **your activity (either commercial or non-profit) and that of any immediate family members during the past two years or during the length of the study reported if it exceeded two years.** Disclosures are required for **any dollar amount**, except for gifts valued under \$1000. Names of commercial and non-profit entities are required along with specific roles, grant numbers for grants, and specific years. No dollar amounts need to be included. Please indicate **complete** names of sponsors or companies.

The information requested on this sheet is also required on page 2 (and extra pages if needed) of your initial, new submission, revisions, and final version of the manuscript. Please read all definitions and questions carefully. If an author has previously completed a *Neurology®* or *Neurology® Clinical Practice* disclosure form, the form should be checked to ensure that it is current.

### Definitions of Terms in Disclosure Agreement

**Commercial entity:** A for-profit business that manufactures, distributes, markets, sells, or advertises pharmaceutical or scientific products or medical devices.

**Compensation:** Anything of monetary value including a salary, honorarium, stipend, gift, or payment of travel-related expenses.

**Expert witness:** A person who has provided expert medical testimony during a trial or administrative hearing, in a deposition or an affidavit, or in any other type of legal proceeding.

**"Immediate family member":** Any person who would benefit financially from the publication of the manuscript because of their relationship to the author. This includes a member of an author's immediate family or anyone else who has a significant relationship with the author.

**Please provide all financial relationships (and those of your "immediate family members") from the past two years regardless of whether these relationships are related to the study described in the submitted manuscript. If the study period of the manuscript exceeded two years, financial relationships relevant to the topic must also be disclosed.** The existence of any financial relationship(s) disclosed will be acknowledged in the published article if it is accepted. In addition, **it is the responsibility of the Corresponding Author to ensure that all Author disclosures are listed on page 2 (and on extra pages if needed) of the submitted, accepted, and final accepted manuscripts and that the page proofs reflect the disclosures listed.** If an author does not include disclosure(s), the omission(s) will be published in a subsequent issue indicating the failure to comply and may result in consequences such as temporary loss of privileges of publishing in *Neurology®* and *Neurology® Clinical Practice* in the future.
